AWAKENING BRITISH SEE DANGER AHEAD

By Associated Press.

London, England, Oct. 22.—The London newspapers are only just awakening to the possibility of an embroilment between the United States and Great Britain over the Mexican situation. The warnings heretofore have all emanated from Washington and New York correspondents. The views of the British Government was made known in the

United States through the Associated Press, not having been published here. The Pall Mall Gazette today says: "There is evidently a grave misunderstanding between this country and the United States in regard to the Mexican crisis which should speedily be removed. There are elements of danger in the situation which may arouse a strong feeling on both sides of the Atlantic."

ADMINISTRATION PLAINLY STATES POSITION HELD

By Associated Press.

Washington, D. C., Oct. 22.—Diplomatic exchanges between Ambassador Page and British foreign office, with regard to Great Britain's attitude in Mexico will likely continue. Indications that Sir Lionel Carden, British Minister to Mexico does not hold views in sympathy with the American policy toward the Huerta government has caused concern to the Washington government. High officials declare that they are not seeking foreign support at this time. It was made plain at this time that they did not desire any factor should be injected into the situation at present from Europe that would in any way impede the efforts of the United States to deal with the Mexican situation.

The Administration takes the view that "the nearest neighbors to Mexico, the United States," should have a free hand in trying to bring about a pacification.

DIAZ AND GERMAN SHIP REACH MEXICO

By Associated Press.

Vera Cruz, Mexico, October 22.—After landing from the steamship Corcovado here today, General Felix Diaz announced he would not withdraw from the presidential candidacy even though he were competing against Huerta. He was cheered as he landed.

By Associated Press.

Vera Cruz, Mexico, October 22.—The Steamship Corcovado, with General Felix Diaz on board and the German Protected Cruiser Hertha, arrived here at almost the same time today.

The Hertha anchored under the walls of Fortress San Juan De Ulua, not 200 yards from the Corcovado. After the Corcovado had been inspected by the authorities, a boat put off from the Hertha and sent two German officers on board the steamship on which General Diaz had made the voyage here.

LIGHTNING KILLS SOLDIERS

By Associated Press.

Houston, Texas, October 22.—A bolt of lightning struck a column of Sixth U. S. cavalry marching between Texas City and Galveston today, killing Privates Munroe, George Morris and John Zimmer. Federal Surgeon Devine was slightly injured. Several horses and mules were killed. Several troopers were said to have been injured.

REPORTED FEDERALS RECAPTURED TORREON

By Associated Press.

Laredo, Texas, October 22.—There was a persistent rumor at Mexican government headquarters today that Torreon had been recaptured by the Federals. The report was unconfirmed.

BANK FAILURE IN GALLIPOLIS

By Associated Press.

Gallipolis, Ohio, Oct. 22.—The Crown City Bank, a Gallia county organization, closed its doors last night. Bad loans and dull business are assigned as the cause. Depositors it is said, will be paid in full. The bank was capitalized at \$20,000.

LOCAL MAN CHOSEN TO LIQUIDATE BANK

By Associated Press.

Columbus, Ohio, October 22.—State Superintendent of Banks, E. W. Lattanner, in announcing the failure of the Crown City Bank at Gallipolis, today said it was not expected to be able to pay its depositors in full. Many of the depositors live in West Virginia. S. W. Collins of Parkersburg, was cashier of the bank. W. B. Rogers of Washington C. H., O., has been appointed as special deputy to liquidate the bank.

NEGRO HANGED

By Associated Press.

Monroe, La., Oct. 22.—Warren Eaton, a negro, accused of having made an insulting remark to a white woman here Monday, was taken from the jail early today by a mob and hanged to a telephone pole.

Nelson O'Shaughnessy, Uncle Sam's Right Hand Man in Mexico, Faces New Crisis

Washington, October 22.—Nelson O'Shaughnessy, the American charge d'affaires at Mexico City, the capital of Mexico, is again an important figure in the present new situation between the United States and President Huerta. Since the resignation of Ambassador Henry Lane Wilson, Mr. O'Shaughnessy has been Uncle

HOOVER TRIAL BEGINS

GROUND BROKEN FOR ALLIANCE

By Associated Press.

Berlin, Germany, Oct. 22.—Preliminary steps were taken today for the formation of a German-American Economic Association devoted to a cultivation of friendly relations between the two countries in the fields of business and economic politics. Exporters to America are back of the project which resulted from Paris legislation.

\$50,000,000 DEAL GIVES ENGLISH VIRGINIA COAL

By Associated Press.

Baltimore, Md., October 22.—According to advice received here today negotiations have been closed by an English Syndicate for the purchase of expensive coal land and mining properties in the New River District of West Virginia, at a price said to

approximate \$50,000,000. About 55,500 acres in 96 counties are involved in the transaction, including, it is understood, the New River Consolidated Coal & Coke company, New River Colliery Co., The New River Coal company, The New River company, the Nuttall & McKell estates and the Guggenheim interests.

SUPREME COURT UPHOLDS NEW LAW

By Associated Press.

Columbus, Ohio, Oct. 22.—The Supreme Court today upheld the constitutionality of the Municipal Court Law, passed by the last legislature. The decisions were rendered in suits filed by Cincinnati and Dayton candidates for Municipal Judge to mandamus the County Election Board members to place their names on the ballot.

MADERO'S TWO SONS NOW UNDER ARREST

By Associated Press.

Mexico City, Mexico, October 22.—Daniel and Everisto Madero, sons of the late President Madero, have been arrested at Monterey, charged with complicity in a plot to turn over that

city to Revolutionists, according to dispatches printed in the newspapers here. The two brothers are said to have been compromised by documents taken from dead rebels after a fight near Monterey.

TREATIES AND LAW CONFLICT

By Associated Press.

Washington, D. C., October 22.—"It looks like a head-on collision," said Attorney General McReynolds today when asked about the nature of his decision on the 5 per cent Preferential for American Shipping, provided in the new tariff law. Mr. McReynolds declined to say what he meant by his remark, but it is interpreted to mean he holds that the law and the treaties with a number of countries are in direct conflict. He could not say when the decision would be made public.

Collision On Airline Costs Lives of Two

By Associated Press.

Columbia, S. C., October 22.—At least two trainmen are known to have been killed and a dozen passengers injured when a Seaboard Airline passenger train and a freight train collided head-on at Ixana, S. C., shortly after noon today. A relief train left this city for the scene of the disaster shortly after 1 o'clock.

MEMORIAL TOWER DEDICATED TODAY

By Associated Press.

Princeton, N. J., October 22.—The Princeton University Graduate college and the Grover Cleveland Memorial Tower, just included in the architectural scheme of the college buildings, were dedicated today in the presence of a distinguished company of learned men from Europe and America. Gifts to the amount of \$2,850,000 made possible the erection of the buildings. The Tower was presented to the university by the Grover Cleveland Memorial Association, which received gifts for the monument fund from all over the United States.

Leading Scientist Affirms Immortality

Perhaps no message from science to mankind has ever stirred up more interest and led to more discussion than the recent address of Sir Oliver Lodge, president of the British Association for the Advancement of Science, on "Immortality and the Existence of the Soul After Death."

Sir Oliver is one of the greatest electricians and chemists in England and made discoveries that rendered wireless telegraphy possible. He is high authority on the nature of the ether.

In his address he claims that a belief in the ultimate continuity of all mind and matter is essential to science; that facts have convinced him that memory and affection are not limited by the association with matter and that personality persists beyond bodily death.

Sir Oliver says: "Material bodies are all over which we have any control, are all of which we are experimentally aware, but to step outside their province and to deny the existence of any other reign, because we have no sense organ for its appreciation, is to wrest our advantages and privileges from their proper use and apply them to our misdirection."

"If we have learnt from science that evolution is real, we have learnt a good deal. Certainly from the view point of science evolution is a great reality. Time is the keystone of evolution; thy centuries follow each other, perfecting a small wild flower."

"I see the whole material existence as a steady passage from past to future, only the single instant which we call the present being actual. The past is not non-existent, it is stored in our memories, there is a record of it in matter and the present is based upon it; the future is the outcome of the present, and is the product of evolution."

The great scientist believes that we must have a destiny of some sort and sums up the thought of his years of scientific investigation when he says: "We are deaf and blind, therefore, to the immanent grandeur around us unless we have insight enough to recognize in the woven fabric of existence, flowing steadily from the loom in an infinite progress toward perfection, the ever-growing garment of a transcendent God."

The attitude of Sir Oliver Lodge is quite different from that of many scientists in the past and from that of many today.

There are still scientific men who feel in a pugnacious mood toward a belief in a future and struggling through hostility, to find truth in their own way. But more and more the man of science is coming to the view point of this president of the great society for the advancement of science.

The question of "Mental Telepathy" is also one which has been agitated by Sir Oliver Lodge and this society which leans toward a belief in thought transference.

Many men of brains and study are interested in this study of telepathy and many are convinced of its truth.

Over two years ago an Englishman offered \$5,000 for satisfactory proof of thought transference or "Mental Telepathy" but the reward yet remains unclaimed.

Man Who Has a Vote Should Make Use of It

By J. VAN VECHTEN OLCOTT, President of the Republican Club of New York City

THOSE men who are not willing to exercise the privilege of the franchise are usually the people who say that universal suffrage is a failure. Such men are usually found among the well to do. They say, "My vote DOES NOT COUNT" because one vote more or less in the election district will not change the election." They do not seem to remember that the electoral ticket supporting Mr. Cleveland for president in 1884 received a plurality in the entire state of New York of about eleven hundred votes. Of course I do not remember how many polling places there were then, but in the state there were probably three or four times as many polling places as the entire plurality for Cleveland.

BY REASON OF PETTY EXCUSES AND NEGLIGENCE MANY VOTES ARE LOST, AND IF AN OFFICER OF ANY OF THE ORGANIZATIONS VENTURES TO CRITICISE ONE FAILING TO VOTE HE IS MET WITH THE REMARK: "WHAT DIFFERENCE DOES IT MAKE? ONE VOTE DOESN'T COUNT."

The trouble is that men of this sort will NOT TAKE THE TROUBLE TO PERFORM THE MOST IMPORTANT CIVIC DUTY THEY HAVE. They should be vitally interested in elections, but sometimes when you confront them they act as if they were doing you a special and particular favor by voting at all.

Poetry For Today

THE WOMANHOOD OF MAN.

By "Capt. Jack" Crawford.
There is gold in every fiber
Of a Womanhood of Man;
It has ebbed and flowed in blood and tears
Since this old world began,
From the veins and souls of heroes
And of heroines, since the day
When women wept and Jesus died
To wash our sins away.

I am just an optimistic,
Reckless, broncho sort of chap;
Though I stand for peace and justice
I am always in a scrap.
But my ancestors were fighters
Since red warfare first began,
And my only saving grace is
In the Womanhood of Man.

I have prospected for treasure
In the gold lands of the West,
I have driven many a tunnel
In the mountain's rugged breast,
And I've found each little leader
From bedrock to surface pan
Was a mother-loaded magnet
From the Womanhood of Man.

I have sunk down to the bedrock
In a wayward brother's soul,
When the whispered name of
"Mother"
Caused the God-sent tears to roll
From a seeming barren desert
Down the cheeks, all bronzed with tan;
It was God's assay for "colors"
In the Womanhood of Man.

I have tested modest manhood
In the fiery front of war,
I have analyzed the metal
In the blood of many a scar,
And have found the iron-hearted,
Whole-souled hero of the clan
Was the optimistic product
Of the Womanhood of Man.

If you want to find the metal
That is twenty karats fine
You must prospect on the surface
Ere you sink to strike the mine,
But you'll find it in the tailings
If you'll test them with the pan—
Find the gold of strenuous manhood
In the Womanhood of Man.

I would rather "face the music"
When the wild Apaches yell,
Rather face the hell of battle
Amid storms of shot and shell,
Than suppress the tears of gladness,
Or of sadness, while I can
Realize they are the essence
Of the Womanhood of Man.

'Tis the womanhood of manhood
That is always reaching out;
It has been my lone companion
While on many a dangerous scout
And wherever fate may place me
I shall do the best I can,
To be worthy of the manhood
Of the Womanhood of Man.

INTERESTING BITS OF NEWS

(By John E. M. Kerr.)

Representative Bailey, of Pennsylvania, has introduced a bill that would provide for extension of the free delivery service to all towns in the United States with a population of a thousand and not now entitled to such delivery. The bill would carry an appropriation of \$10,000,000, and it is estimated the proposed change would affect about 6,000 communities.

The value of the apple crop in the United States is great. In single sections as high as \$7,500,000 will be paid into the hands of the producers. For the whole United States the value of the total crop is probably not far short of \$100,000,000.

Tourist sleeping cars may be introduced in the East and Middle states as a result of Wabash and Baltimore and Ohio operating them. Pullman company has fought the introduction of tourist sleepers in every way and they have been put in only where the public and railroads demand them.

Expectation has taken possession of the financial observers of the Pacific coast that the wealth of the Rothschilds is to come into the American oil fields in a way to loosen the grip of the Standard Oil Company. The concern is known as the Royal Dutch-Shell syndicate and has already invested \$16,000,000 in California and the report is credited that \$100,000,000 more is to follow. These oil fields have a production of 80,000 barrels a day, one third more than the Standard production.

Fruit growers of Southern California are taking steps to safe-guard their crops this winter by artificial heating on a huge scale. Vast steel tanks with an average capacity of 100,000 gallons of crude oil are being built in the orchards. Eight of these tanks have recently been completed and many others are planned. More than a million oil heaters have been bought in the East and many are being made in Los Angeles. Before the cool season every orchard will be equipped with heaters.

The official portrait of President Wilson is to be painted by John W. Alexander of New York. Art notices declare this to secure to the 28th President an artistic representation in the gallery of the country's chief executives. John D. Sargent painted Roosevelt's and Andreas Zorn portrayed Grover Cleveland. Mr. Alexander is president of the National Academy and other American Art Societies and is director in the Metropolitan Museum of Art.

The 23 members who attended the first session of the Alaskan Legislature, traveled on an average of 2,451 miles to reach the capital. The 6 members from the second division of the territory traveled on an average of 5,514 miles. The country is so vast and the population is so sparse, it is as if people of a city like Quincy Ill., were scattered over a space equal to the United States east of the Mississippi without New England. The first bill to become a law was to extend the elective franchise to women.

Anaemic Since Childhood

How Miss Holmes Regained Her Health.

If you are anaemic, you need more iron in your blood, and the tell-tale symptoms are a pale face—colorless lips, ashen finger nails, poor circulation, and short breath, and more serious diseases are easily contracted when in this condition.

What Vinol did for Miss Yvonne Holmes of Fall River, Mass., it will do for every anaemic run-down person. She says: "I have been weak and anaemic since childhood, always had 'that tired feeling.' Tonic after tonic was tried with little or no result until Vinol was recommended, and after taking three bottles, my appetite and digestion have been improved. I do not suffer any more from insomnia, nor do I have distressing headaches as formerly, and I am stronger than I have been for years."

We ask every anaemic or run-down weak person in this vicinity to try a bottle of Vinol with the understanding that their money will be refunded if it does not do all we claim. Blackmer & Tanquary.

A GLIMPSE BACK THROUGH YEARS

(John E. M. Kerr.)

March 14, 1872.

Mechanics' and Laborers' Meeting.—Benj. Burnett, president and Geo. P. Barnes, secretary. On motion a committee of five was elected to draft an expression of the sense of the meeting as follows: Capt. Black, L. S. Chester, C. F. Dean, L. C. Karney, Geo. W. Scott.

The following preamble and resolutions were adopted:

Whereas: A number of our citizens met in a room selected by themselves and then and there did take upon themselves to nominate a ticket for this village, without giving due notice to the citizens of our place, therefore,

Resolved, That we, citizens, do express our disapproval of such irregular proceedings.

Resolved, We do not cherish any ill-will towards the citizens so nominated.

Resolved, That as citizens we now proceed to nominate a corporation ticket.

The ticket is as follows: Mayor, John Sanders; marshal, R. Steward; clerk, Mason Blanchard; treasurer, Wm. Robinson; council, Capt. Black; Alex. Anderson, L. C. Karney; Cemetery trustee, Wm. Pine. On motion, those present pledged to support the ticket nominated.

CANDIDATE FOR TOWNSHIP TRUSTEE.

I wish to announce to the voters of Washington C. H. and Union township that I am a candidate for Township Trustee, subject to the decision of the voters of November 4. Your support will be appreciated and if elected I will try to the best of my ability to give an economical, careful and satisfactory administration. MART DEWITT.

FALLS FROM FAST MOVING TRAIN AND IS BADLY HURT

Edgar Williams, Machinist, Nearly Meets Death by Falling From B. & O. Train Near Bloomingburg Late Tuesday Evening, and Is Picked Up in Dazed Condition in Bloomingburg—Fellow Employee Killed at Sunbury About the Same Time.

A man who proved to be Edgar Williams, aged about 40 years, employed by the Williams Contractor's Supply Company, of Sunbury, O., was picked up in Bloomingburg about 7 o'clock Tuesday evening, in a dazed condition, and it was sometime before he could give his name and home.

The man then stated that he had fallen from B. & O. passenger train which leaves this city at 4:35 p. m., but could give no further account of the affair.

He was badly cut and bruised, and had suffered a serious contusion on the head, and his right leg was badly sprained. It is believed he fell

from the train while it was moving about 35 miles an hour, between the crossing just below Bloomingburg and the creek bridge. Dr. Holdren took charge of the man and dressed his wounds.

Williams stated that he was a machinist, and had been at Milford loading a stone crusher, and was bound for Columbus. His baggage was carried on, presumably to Columbus.

Wednesday morning he was brought to this city and placed on the 10:36 train, and accompanied by relatives, left for his home.

It is supposed that he was rendered unconscious by the fall from the train, and after recovering, wandered about the fields below Bloomingburg for a couple of hours.

A strange coincidence occurred in connection with the injury of Williams, as an employee of the same company employing Williams, was killed in an accident at Sunbury about the time the man fell from the B. & O. train.

BOLD INTRUDER FRIGHTENED AWAY

Near the midnight hour Tuesday night a masked intruder, said to have carried a flashlight in one hand and a menacing gun in the other, was frightened away from the home of John Ervin, on Western avenue.

A man staying at the Ervin residence was awakened by a noise in the room below his sleeping apartments, and immediately started to investigate, but when he threw open the door and beheld a rather large man, masked, with stubby mustache, and the business-looking gun, he fled back up-stairs, calling for help, which soon arrived, and although neighbors watched the premises until the police arrived, no trace of the man could be found.

The night patrolmen made a careful investigation and kept a close watch for suspicious characters, but none were located.

IS GIVEN FINE FOR NON-SUPPORT

An affidavit was filed in Probate court by Nellie Creamer Smith, Tuesday afternoon, charging her divorced husband, Chas. Smith, with non-support of their small daughter.

When arraigned before Judge Allen, Smith entered a plea of guilty and was assessed a fine of \$200 and the costs and three months in the workhouse, all of which was suspended when payment of \$2 per week for the support of the child was promised.

The child was later taken to the County Children's home.

Horse Runs Away This Afternoon

A horse attached to one of Smithers Brothers' coal wagons ran away on Court street Wednesday afternoon about three o'clock, dashing up East Court street to a point in front of the Arlington hotel, where it crashed into an automobile and the horse came to an abrupt stop, breaking the wagon but not damaging the machine.

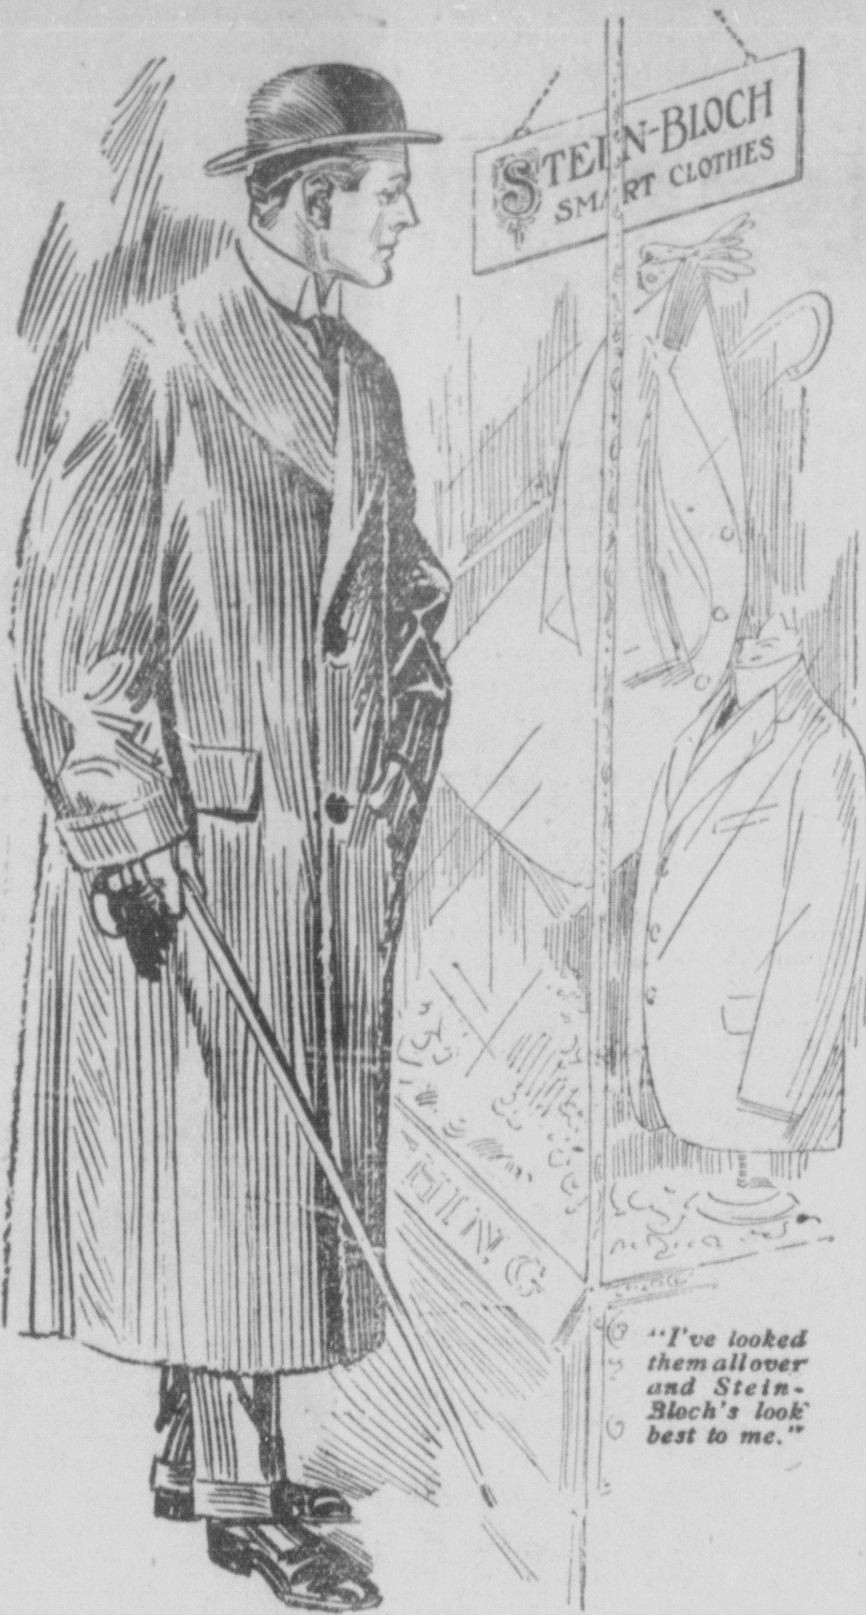

A buggy was in the path of the runaway, and a serious accident was probably averted by Brown, the street cleaner, who caused the horse to stop.

CLOSING ARGUMENT IN DAMAGE CASE

The closing argument in the Allen-Smith damage case is being made at the hour of going to press this afternoon, and the case will go to the jury either late this evening, or in the morning.

CITY COUNCIL HOLDS A SPECIAL SESSION

Three New Fire Hydrants On Yeoman Street and Long Extension of Water Mains Ordered.

COUNCIL AGAIN REFUSES TO PAY WATER COMPANY

Pearl Street Gets Light at Intersection of Western Avenue—First Meeting Since Session in September.

A special session of the city council was held Tuesday night, with all members present.

A resolution was offered to extend the water mains some 1,350 feet on Yeoman street, and also install three new hydrants so that the citizens in that locality will have proper fire protection. After some discussion of the problem, the Service Director was instructed to contract with the Washington Water company for the new fire hydrants.

A motion was introduced by Rothrock, seconded by Veall, to pay the Washington Water company the quarterly installment held up because of noncompliance with their agreement.

This was discussed at some length. Durant explaining that when the payment was first held up, President Myers of the Washington Water company came here from Covington, Ky., and was reminded of an agreement made with the Safety Committee to make certain improvements before the end of 1912, and that the improvements had not yet been made, and that the double suction line agreed upon had not been constructed.

When a vote was taken all members except Veall voted against paying the installment.

The safety Committee was then instructed to confer with the company regarding the construction of the double suction line.

The Service Director was authorized to contract with the Washington Gas and Electric Company for a street light at the intersection of Pearl street and Western Avenue.

The meeting then adjourned. This was the first meeting held since the

session in September, as a quorum was not present on the regular meeting night in October.

AN UNUSUAL DISPLAY OF INDIAN ART WORK

At present a very interesting and instructive display of the "Art Works of the First Americans" in the form of highly colored blankets of the American Indians, is being shown at Craig Bros. store. For many years these blankets have been of active or passive interest to all lovers of the artistic and beautiful, either as a means of home decoration or as an addition to a collection of quaint works of art. With the coming of modern machinery and methods, the process of the manufacture has been changed from the slow laborious weaving by hand, to the modern Jacquard loom weaving, making the finished product appear as far ahead in finish as an Oriental Rug is, as compared to a rag carpet, but still retaining the quaint and beautiful tribal emblems and colors. The Navajo Blanket, with its basket weave, and symbolic figures; the Mohawk blanket with its war stripes of a bold and brilliant design; Kiowa, with the rattlesnake pattern; Apache with the lightning design.

The Flathead, Umatilla, Shoshone, Kiowa and Sioux tribal blankets are shown as well, in this collection, making an interesting and beautiful display.

A hundred home uses for these highly colored robes, present themselves, such as couch covers, slumber robes, porch and hammock blankets, automobile and carriage robes, steamer rug or traveling shawl, nursery rugs, individual shawl, baby buggy robe or den decorations.

In Social Circles

The semi-monthly meeting of the Melodians was held at the home of Mrs. Alex. S. Ballard Tuesday afternoon. A fine musical program, to which Mrs. Roy Creamer, of Jeffersonville, was a generous contributor, was enjoyed.

Mrs. W. P. Barnes opened the program with an entertaining talk on current musical events, which brought out club discussion.

Miss Mazie Kessler played a beautiful violin solo, "Andante," Barnes. Mrs. Glenn M. Pine's contralto solo, "Grasses and Roses," Bartlett, was much enjoyed and also Mrs. W. D. Craig's artistic interpretation of a Chopin waltz.

Mrs. Creamer, a pupil of Mrs. Lucille Potter Carroll, of Columbus and a brilliant pianiste, her natural talent supplemented by years of musical study, gave two very difficult renditions, "The Waltz Brillante" and "Thelma," Mozkowski, and responded to an encore with Greig's "Bridal Procession."

The women of the Presbyterian Guild were delightfully entertained at the home of Mrs. Austin F. Hopkins this afternoon, when Mesdames Hopkins, Frank L. Stutson, Mary Millikan, Wm. Slagle, H. H. Sanderson, Walker, Sam Evans, filled the role of hostesses to the fortnightly Kensington.

Vases of scarlet sylvia and palms added adornment to the spacious home and a dainty refecton was served.

Adding much to the pleasure of the afternoon were a number of choice Victoralla selections and piano solos by Mr. Edwards Hopkins.

MEXICAN POLICY IS DISTASTEFUL TO OLD ENGLAND

HOLDS ITS COURSE THE PROPER ONE

England Not In Sympathy With Wilson's Mexican Policy.

ATTITUDE OUTLINED BY GREY

Recognition of Huerta, He Says, is the Only Path For the British Government to Take in View of Its Desire For the Restoration of Peace in Mexico—Huerta's Position Believed Strengthened.

Washington, Oct. 22.—Further advice received here from London make it clear that the American government can hope for no support, moral or otherwise, from Great Britain in its Mexican policy.

A more detailed account of the interview between Ambassador Page and Sir Edward Grey, British minister of foreign affairs, reached Washington. This interview determined that the only point regarding Mexico on which the governments of Great Britain and the United States are in entire agreement is the desire that peace shall return to Mexico. On the immediate questions of policy in regard to Mexico the two governments take opposite stands.

Sir Edward told Mr. Page that his majesty's government considers that its course of recognition of the Huerta government is the only proper course for it to take in view of its desire for the restoration of peace in Mexico. It was added, however, that no affront to the United States was intended in anything that Sir Lionel

Garden, British minister to Mexico, had done in Mexico City.

News of the negative results of Ambassador Page's attempt to sound out the British government and gain support abroad for the Wilson policy in Mexico was regarded here as of a most significant character. The prediction was made that from now on Great Britain will be found leading other powers interested in Mexico in the matter of their policy toward that country. The interests of France, Germany, Spain and other countries are almost identical with those of Great Britain.

That the United States government should take any step looking to securing the support of the governments of Europe for its policy toward any Latin-American government has caused much unfavorable comment here. It has been traditional heretofore when the United States adopted a policy in a Latin-American situation it took it for granted that other governments, because of the assumed corollaries of the Monroe doctrine, would govern themselves accordingly.

Looking at the immediate effects of the refusal of the British to budge from their position, despite the opposite course taken by the United States, it is believed here that it will serve to strengthen Huerta.

Stomach Upset?

Get At the Real Cause—Take Dr. Edwards' Olive Tablets.

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way, when the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't care feeling, no ambition or energy, troubled with undigested food, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. The Olive Tablet Company, Columbus, Ohio.

Studentes Unite To Purchase Food

Definite plans have been formed by more than 2000 students of the Ohio State University to cooperate in the purchase of their groceries, meats, coal and household furnishings, in an effort to reduce the cost of student living. Twenty-five organizations are represented in the new combination in which all the work of buying and distributing will be done by students. Officers have been elected to direct the work and a storeroom will be rented to be used as a distributing point to the various boarding houses. Already one carload of potatoes and three carloads of coal have been purchased. Carload lots will be delivered on the University railroad spur, which is near enough the student resident district to minimize the amount of hauling. Some of the estimates of the amount of goods such an organization will use during the year are: Bread \$4,000; groceries, \$30,000; meat, \$25,000; coal \$5,000. It is estimated that from 20 to 50 per cent will be saved on the goods purchased. Later, many more commodities will be handled by the cooperative concern. It is said that this is the only organization of its kind among the larger colleges and universities of the United States which plans to do its buying on such an extensive scale.

WILSON HOLDS TO PROPHECY

CONGRESS MUST STICK TO THE JOB

Wilson Believes Money Bill Will Be Passed Before December.

HOUSE STILL WITHOUT QUORUM

Republican Leader Mann Makes Objection When Democratic Leader Underwood Suggests That the House Adjourn Until the Middle of November—LaFollette Insisting On Quorum in Senate.

Washington, Oct. 22.—President Wilson insists that congress shall stick to the job, despite the belief of most of the leaders that there is slim chance that the banking and currency bill will be passed before December. Congress is now in special session by proclamation of the president. It is only nominally in session, however; there is not a quorum of the house in the city and just a bare quorum of the senate. Leaders declare it would be practically impossible to induce a quorum of the house to return and that it will be very difficult to keep a quorum of the senate on the job. Members who are here are staying under protest, and the number is dwindling from day to day.

Senator LaFollette began a campaign to force the Democratic leaders to produce a quorum in the senate. This is what Mr. Mann has been doing in the house for the past three weeks. It is the purpose of the leaders to permit the house to meet daily, have a rollcall and then adjourn.

Representative Mann made objection when Leader Underwood suggested that the house adjourn until the middle of November. Mr. Underwood read the letter addressed to him by President Wilson, in which the suggestion was made that a recess might be taken until about Nov. 20. It was in this letter that the president remarked that the banking bill would be reported to the senate on or about Nov. 10, and that it would be passed two or three weeks later. So far as can be learned none of the leaders of either party shares the president's

ASSOCIATED PRESS NEWS
FEATURE PROVES WINNER

The Associated Press service, recently added as a feature of The Daily Herald, has placed Wash-
ington citizens in closer touch with the important news than ever before, and Herald readers have been agreeably surprised in receiving news not obtainable through other papers until the following morning.

With the Associated Press service The Herald has been carrying news in advance of all out-of-town papers reaching this city, owing to the fact that most of the larger city papers go to press at one o'clock or before, each afternoon, while The Herald goes to press at 3:30 to 3:45 p. m. each day, and thus gives the latest news, both foreign and local, right up to the last minute before going to press.

With the double service of the American Press Association, and the Associated Press, Washington citi-
zens can always find the latest in The Herald, which is the only news-
paper between Columbus and Cincin-
nati receiving such splendid news service.

BREACH OF PROMISE
SUIT FOR \$150,000

New York, Oct. 22.—Armed with letters addressed to "My Own Little Duckey Bird," Miss Mary I. McIntyre appeared before Supreme Court Jus-
tice Hooker to press her \$150,000 suit against William Hughes, 70, Brooklyn millionaire, for alleged breach of promise to marry.

Miss McIntyre claims the aged mil-
lionaire proposed to her April 21, 1912, and Oct. 2 of that year was set as the wedding day, but the defendant's chil-
dren would not let him marry her. She says that when she met him she was teaching in Pratt institute and that after he proposed he made her quit teaching.

Hughes asserts he did not propose, but says the proposal came from Miss McIntyre. As a reason for not marry-
ing, he says Miss McIntyre would re-
fuse to allow his married daughters in the home should the marriage take place.

Huntington, W. Va., Oct. 22.—
Directors of the Ohio State league declined to credit the Charleston club with two vic-
tories claimed from the two seven-inning games played on Sept. 21, the last day of the sea-
son, with Maysville. With these games thrown out, the percent-
age of the team dropped to .626, or three points below that held by Chillicothe, to which the championship was awarded.

CUBAN SOLONS
REFUSE TO MEET

Big Foreign Loan Causes Split
In Government.

PRESIDENT APPEARS HELPLESS

No Provision In the Island Republic's
Constitution For the Arrest of
Enough Absentees to Constitute a
Quorum—Attitude of the United
States Government In the Cuban
Crisis Not Made Known.

Washington, Oct. 22.—State depart-
ment officials are concerned over the situation which has arisen in Havana as a result of the refusal of the Cuban congress to convene in extraordi-
nary session to consider the proposed \$15,000,000 foreign loan.

There was much speculation as to what the executive can do if his con-
gress continues to refuse to come to-
gether. President menocars can for the extraordinary session set Oct. 1 as the date for the two bodies to con-
vene, but postponement from time to time has been necessary owing to the continued refusal of Liberal senators and representatives to appear.

The presence of two-thirds of both houses is required under the Cuban constitution in order to convene con-
gress, and there is no provision for the arrest of enough absentees to con-
stitute a quorum, as may be done under the American system.

Under the circumstances officials here are at a loss to know what means President Menocal can employ in carrying out the drastic action which his pronouncement indicates he deems necessary.

While the Cuban president can ad-
journ congress, it was pointed out that he can not dissolve that body and call for new elections, and that the present congress was elected last April for two years.

No statement of the attitude of the American state department could be obtained, although it is known that the United States several months ago, under the authority vested in it by the Platt amendment, received from President Menocal a request for per-
mission to negotiate the loans and acceded to the proposition.

Praise President Menocal.

Havana, Oct. 22.—Intense interest attaches to the probable effect of President Menocal's manifesto re-
garding the obstructionist policy of the Liberals in preventing a quorum at the extraordinary session of con-
gress, with the object of withholding authorization for a new loan of \$15,000,000. A majority of the news-
papers accord to President Menocal the highest praise for his "patriotic action," and predict that the Cuban people will rally to his support.

133 E. Court St.

NEW YORK, Oct. 22.—A summary of the evidence which the board of man-
agers of impeachment in the assem-
bly gathered, but which was not pro-
duced against Governor Sulzer at his trial in Albany, will be made public by the lawyers who represented the board. The great part of that evi-
dence had been prepared for use against the governor on cross-exami-
nation should he have taken the wit-
ness stand and for rebuttal in the event that any strong defense was put up.

It is believed that the summary or circular which will be issued will con-
tain charges that Mr. Sulzer, instead of being a poor man, is worth several hundred thousand dollars, if he is not a millionaire.

"Should Governor Sulzer be elected to the assembly," said one of the man-
agers, "he never will have an oppor-
tunity to serve. He will be charged with being unfit to hold office prac-
tically the same as when he was gov-
ernor."

Ten thousand persons gave Sulzer a welcome last night when he arrived at the Grand Central station from Albany. Most of the crowd were from the East Side, where the ex-governor grew up and where he hopes to get a firm foothold in his fight for political rehabilitation.

BOILER BLEW OUT

Five Men Are Killed in Plant of
Electric Light Company.

New York, Oct. 22.—The main boiler of the plant of the Richmond Light and Power company exploded with terrific force. At least two men were killed and a third is missing, three more were badly injured and one of them is expected to die, and the electric service on Staten Island was rendered useless. A portion of the boiler blew through the roof of the plant and far out into the Kill Von Kull river. The dead are: Francis Hannan, 50, engineer of the plant; Zento Pietro, 25; Phillip Guten, 31, a fireman; Daniel Sullivan, 35, fireman; unidentified man, probably an Italian.

BOGUS MONEY FACTORY FOUND

By Associated Press.

Alexandria, La., Oct. 22.—What United States Secret Service Men said was an excellent counterfeiters' outfit was found in the woods at Pleasant, La., late last night. The "plant" was discovered near the home of James Cooks, an aged man, and he and his son Selsor, were arrested here Saturday night and are held pending investigation. Negatives of \$5 and \$10 bank notes and cleverly made counterfeit money was found, the officers declare.

CONGREGATIONALISTS MEET IN KANSAS CITY

By Associated Press.

Kansas City, Mo., October 22.—The most important conference of the Congregationalists in a decade began here today when the 16th Triennial session of the National council of Congregational churches in the United States was called to order. The session will occupy nine days; 600 delegates and 2000 visitors are in attendance.

During the day a strong movement developed for the election of a layman as a moderator. W. W. Mills, of Marietta, O., is mentioned in this connection as having a following.

JURY ATTACKED NEW TRIAL ASKED

By Associated Press.

Atlanta, Ga., October 22.—Supporting their claims through affidavits attacking members of the jury impaneled for Leo M. Frank, sentenced to hang for the murder of Mary Phagan, attorneys for the defendant argued a motion for a new trial. The defense charged that before the trial certain members of the jury were prejudiced against Frank and that all were influenced by applause in the court room.

CAPTAIN JACK CRAWFORD WILL BE BUSY WHILE HERE

The coming of "Capt. Jack" Crawford, the "poet Scout", is awaited with considerable interest by hundreds of local citizens, and while here he will hold many meetings and deliver one of the lectures that has contributed to his fame.

A mass meeting will be addressed by Captain Jack at the Empire Opera House at three o'clock next Sunday afternoon, and many local organizations will attend in a body. The only meeting where a charge will be made is the lecture on Monday night at the Presbyterian church.

At the Sunday afternoon meeting the G. A. R., Company M, B. P. O. Elks, Odd Fellows, High school boys and Boy Scouts will attend in a body, while other organizations will contribute delegations to the big meeting.

Imperial band will furnish music for the occasion, and the reception to be tendered Captain Jack is sure to please him.

Union services at Grace M. E. church will be addressed by Captain Jack Sunday night, and the general public is invited.

Monday morning he will address the students at the Washington High school, and Monday noon he is to address the employees of the Washington Manufacturing company and the F. Hagerty Shoe Company.

Monday night one of his best lectures will be delivered at the Presbyterian church, and a large audience is expected to hear him.

The appearance of "Capt. Jack" in this city will be under the auspices of the Y. M. C. A.

His fame is nation-wide, as he is not only a born fighter, but is a genius in his chosen profession. He always "fights fair, hits the line hard and never flinches." He never fails to scatter sunshine along his pathway.

Washington, D. C., October 22.—The Treasury department today defined all customs officers that the port to Mexico of riding saddle, steps, girths, hay and other food stuff and horses, may be permitted as in violation of the neutrality proclamation of March 14th, 1912. The instruction followed a decision of Attorney General Reynolds who was asked whether such articles "intended for the Mexican Federal army for other purposes, are munitions war."
